LA MARCHÉ
DES DIX SOUS
DU CANADA

We are proud to announce the launch of the Stroke Recovery Canada Personal Emergency Response Support Program

About the Program: Direct Alert will donate a limited amount of Personal Emergency Response Systems for unlimited use to Peer to Peer group members and their loved ones, a value of \$200.00 per applicant. Subscribers will be responsible only for the monthly monitoring fees of \$19.95 plus tax of which Direct Alert will donate 10% to March of Dimes.

About Direct Alert: Direct Alert is a personal wireless two-way home Emergency Response System with two main components – a small countertop unit and a personal help button.

How it works: If you need help, push your personal help button and your panel will send a signal to Direct Alert's Emergency Response Center. A trained professional from Direct Alert's emergency response team will communicate with you through the two-way voice panel to make sure that you get the help you need without delay and will notify your emergency contacts. If you press your personal help button and cannot answer, Direct Alert's team sends help immediately - whether it is an ambulance, family member, friend, or neighbor - and they stay on the line with you until help arrives.

For your **FREE** Direct Alert System contact us now at

1.877.491.1767 or **info@DirectAlert.ca** or **www.DirectAlert.ca**

and mention the Peer to Peer Program

Terms and conditions: In addition to Direct Alert's regular terms & conditions the subscriber hereby agrees that all equipment is the property of Direct Alert and must be returned if service is cancelled.
