

Letter to Healthcare Provider giving the Covid-19 Vaccination

Dear Healthcare Provider,

I have **Aphasia** and/or a **Communication Disability**.

It may be hard for me to speak, read, write or process your spoken words. I am still aware of what is going on.

Here is an **aphasia-friendly** version of the **Vaccine Screening Questions**. Please review it with me so I can fully participate in this process.

Thank you.

What you can do to help:

- Please be patient with me
- Speak clearly
- I appreciate when you take your time
- Yes/no questions, gestures, writing or drawing may be helpful too
