

CHARITABLE WILL PLUS ANNUITY

HOW YOU CAN GIVE

A Charitable Gift Plus Annuity is a financially prudent way of supporting lives of people with disabilities while taking care of your own financial needs. In return for making a gift to March of Dimes Canada, you receive a guaranteed income for life.

To establish a Charitable Gift Plus Annuity with March of Dimes Canada, you provide us with an irrevocable gift of cash or securities. A portion of your donation, approximately 25 per cent, is immediately put toward programs and services that improve lives of people with disabilities. You can either designate the programs that you want to support, or ask March of Dimes Canada to use your gift where the need is greatest at that time.

The majority of the capital is used to establish an annuity for you. The annuity can also be established as a joint plan, in which case you receive payments during your lifetime and then, after your death, your spouse receives the same payments for the rest of his or her life. In situations where a joint plan is preferred, the interest rate received is often slightly lower.

Besides competitive payments at a rate which often exceeds that of other investments, including GICs, you can receive a number of tax benefits and save your estate probate fees it might otherwise have to pay. Your investment and income are guaranteed through a leading insurance company.

A Charitable Gift Plus Annuity may be established for as little as \$10,000, and is most effective if you are 65 years of age or older
